## FAN AND AIR PURIFIER

### P206VEN350

Tower fan with a modern design, with innovative bladeless technology for a better and more efficient circulation of airflow.

Purifying function, thanks to the active carbon filter which helps eliminating odors and volatile organic components found in the environment. 3 wind speeds and 3 modes, timer adjustable up to 15 hours. LED display with energy saving function, touch control panel and remote control, for maximum comfort.
