

MULTICOOKER PRESSURE POT

P101COS002

The multicooker pressure cooker is an ideal alliance for preparing delicious dishes quickly and easily. Its 15 preset programmes offer a wide range of alternatives from starters, main courses, side dishes to desserts. Smart control panel with LED display, easy and intuitive to use. 24-hour timer for setting the cooking time as well as for delayed start of cooking. Equipped with 10 safety control systems including lid open/close protection, pressure and temperature control, anti-jamming, leakage and overheating control. This cooker contributes to energy savings in the household due to its shorter cooking time compared to traditional cooking. Stainless steel grid for steaming, measuring cup and spatula included. Container with a capacity of approx. 6 litres.
