

24L PORTABLE ELECTRIC REFRIGERATOR

P102CON300

24 litre thermoelectric refrigerator, ideal for storing food, containers, bottles and cans. Thanks to its silent technology, it cools down to 13°C below room temperature and heats up to 50°C. Two operating modes: Normal to heat or cool and Eco to save energy, maintain the temperature reached and make the fridge even quieter. Two sockets included: 12V car and wall socket, usable both in the car and at home. Lightweight and portable, it is perfect for picnics, travel and camping. Equipped with a divider and a practical carrying handle.
