

CURLING IRONS

P301PIS002

Curling iron with a modern design, ideal for creating well-defined curls in no time: thanks to PTC heating elements it reaches a maximum temperature of 190°C at speed, while the ceramic coating helps keep hair protected and shiny. 25 mm diameter for creating perfect waves and soft curls. The 360° swivel cord and cool tip ensure maximum comfort during use. Operation LED and ON/OFF button for maximum safety.
