on and modern design, it is perfect for your desk, bedside table or to take wherever you want. A simple touch allows you to choose between warm, cold or natural light, while holding down the button easily adjusts the light intensity according to the environment and the time of day. Thanks to the integrated high-capacity battery, it offers extended battery life (up to 48 hours at minimum intensity). Rechargeable via the included USB cable, it is the perfect solution for those seeking functionality, freedom of movement and a personalised atmosphere.
