Equipped with a twilight sensor, it automatically turns on at nightfall and off at daylight, without the need for wires or manual intervention. The white or RGB LED light creates a scenic effect, ideal for gardens, driveways, terraces, or poolsides. Made of durable plastic with IP44 protection, it is designed to last even outdoors. Solar-powered, it charges in 8–10 hours for up to 8 hours of continuous lighting. Includes a rechargeable 600 mAh Li-ion battery. Diameter: 40 cm.
