sensitive switch and modern design, it is perfect for the office, bedside table or to take with you wherever you want. A simple press allows you to choose between warm, cool or natural light, while holding down the button allows you to easily adjust the light intensity to suit the environment and time of day. Thanks to its built-in high-capacity battery, it offers extended battery life (over 36 hours at minimum intensity). Rechargeable via the included USB cable, it is the perfect solution for those looking for functionality, freedom of movement and a personalised atmosphere.
