activation and a modern design, it is perfect for your desk, bedside table or to take wherever you want. A simple touch allows you to choose between warm, cool or natural light, while holding down the button easily adjusts the light intensity according to the environment and time of day. Thanks to its built-in high-capacity battery, it offers extended battery life (over 36 hours at minimum intensity). Rechargeable via the included USB cable, it is the perfect solution for those looking for functionality, freedom of movement and a personalised atmosphere.
