air distribution throughout the room. Greater safety for the whole family thanks to the absence of blades. Quiet and equipped with an automatic horizontal oscillation function up to 60°. The airflow, more powerful than standard fans, is adjustable across three speed settings, with two ventilation modes available (normal and neutral). The timer can be set for up to 7.5 hours and activated either via the convenient touch display or the included remote control, ensuring maximum ease of use. Sturdy base for stability.
