P302VIS100

Face mask with LED light technology, ideal to enhance your skincare routine. Beauty device that improves circulation bleeds and promotes skin balance, soothes inflammation and contributes to an anti-age effect. It features 7 different LED light colors: red, orange, white, purple, green, blue and yellow, each with its own lighting mode and wavelength, and is also complete with remote control, eye protection and USB type C cable for charging. Suitable for all skin types, it guarantees maximum comfort during use thanks to the soft and light design, which allows the mask to be adapted to each type of face.
