The coffee you love, every day.

Amata is the 4-in-1 espresso machine from Beper designed to offer you maximum freedom of choice without sacrificing quality.

Compatible with Dolce Gusto® and Nespresso® capsules, ground coffee, and ESE pods, it allows you to prepare your favorite coffee every time, adapting to your tastes and different occasions.

Thanks to the 20-bar high-pressure pump and rapid heating, it delivers an espresso with a dense crema and intense aroma in just seconds. You can choose between two brewing levels—ristretto or lungo—to customize each cup.

The 3 drawers and 2 interchangeable filters make it simple and versatile to use, while the removable 700 ml tank ensures convenient cleaning.

Compact, elegant, and intuitive, it's perfect for home or the office.

Amata is the machine designed for those who want to enjoy the coffee they love every day.
