40.501

Rediscover a sense of well-being and relaxation at any time of day with the Beper Massage Pillow, designed to provide an effective and rejuvenating massage both at home and in the car, thanks to the included 12V adapter.

Equipped with 4 rotating massage nodes, it automatically alternates the direction of rotation (clockwise/anti-clockwise) to stimulate circulation and relieve muscle tension. Its compact design makes it ideal for the back, neck and lower back.

The integrated ON/OFF switch ensures intuitive use, whilst the auto-off function after 15 minutes guarantees safety and convenience.
